PROFESSIONAL SUMMARY

Undergraduate Computer Science and Engineering student at Southeast University, seeking an internship or entry-level opportunity. Skilled in C, C++, Java, Python, and SQL, with project experience in web development, computer graphics, robotics, and social media data analysis. Currently working on an explainable machine learning framework for Parkinson's Disease classification.

EDUCATION

BSc in Computer Science and Engineering — Southeast University, Dhaka, Bangladesh
2023 – Expected 2027 | Currently in 11th semester (4th year)

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python

Web & Databases: HTML/CSS, SQL

Tools: Git/GitHub, MS Word, MS PowerPoint, MS Excel

PROJECTS

Employee Management System

- Developed a full-stack web application for managing employee records and attendance.

Online Harassment & Cyberbullying Detection in Bangladeshi Social Media

- Conducted a research project on detecting online harassment and cyberbullying in Bangladeshi social media content.
- Collected and analyzed social media data from Instagram, X, Facebook, and TikTok to identify and classify cyberbullying-related content.

HexEcho — Autonomous Six-Legged Walking Robot

- Built a fully autonomous six-legged walking robot from scratch, including custom CAD, hand-wired electronics, and original firmware.
- Implemented a wave gait for maximum stability, with obstacle detection and avoidance.

3D Classroom Simulation

- Developed a Computer Graphics project featuring a 3D classroom with textured walls, an animated ceiling fan, lighting control, a projector, and furniture.
- Implemented first-person navigation within the environment.

RESEARCH

An Explainable Ensemble Framework with Feature Selection for Parkinson's Disease Classification

- In progress: building an explainable, voice-based machine learning framework for Parkinson's Disease classification.
- Combining feature selection (RFE, LASSO, RF, EEFSa), an SVM/Random Forest/XGBoost ensemble, and SHAP/LIME explainability.

EXTRACURRICULARS

- Volunteering: Raised funds for flood survivors (2024).

LANGUAGES

Bengali (Native) | English (Good) | Hindi (Good)
